

Annex E (Normative):
Safety Screening Form for Recreational Scuba Diving Tours to the Blue Hole of Belize

The Blue Hole is a large submarine sinkhole that is 412 feet deep and 1,000 feet wide. It is located forty-three (43) miles from the mainland. The crystal-clear water allows you to see stalactites, stalagmites and sharks among other aquatic life.

Recreational Scuba Diving tours to the “Blue Hole” require special skill sets because of its unique environment; therefore, divers are required to be screened for eligibility to perform the recreational scuba diving tour. Based on the information provided, it is left to the discretion of the Scuba Diving Tour Operator to proceed with the Recreational Scuba Diving Tour or additional training prior to the same.

**Divers are advised that comments or concerns about the tour can be shared with the Belize Tourism Board at phone number 227-2420 or e-mail at info@travelbelize.org.*
